

MINUTES

Town of Binghamton Youth Commission

Monthly Meeting

Thursday October 15, 2020 | 6:00pm

Present: David Birtch – Youth Commission | Kyle Wilson – Youth Commission
Josh Spisak – Youth Commission | Chris Streno – Youth Commissioner

Meeting called to Order at 6:00pm and attendance taken. September meeting Minutes recognized with no changes or corrections noted by Members.

The well-being of the Members was discussed. Updates to the baseball season were discussed with all programs now completed. In light of the extreme circumstances this year we should be proud of what we were able to accomplish. Although not perfect, we were able to provide some programs for kids and did so successfully without any shutdowns or known virus exposures, etc.

The remaining budget & potential Youth Commission purchases were discussed. All were in agreement to use the remaining moneys to purchase discounted equipment for future use as well as some “wish-list” items that may be possible. A Shoulder Pad Storage Rack for Jackson Park was mentioned as a possibility again.

A donation of equipment from SV Softball was dropped off as a donation to the town.

The Members present completed the meeting by going through the baseball & softball equipment in the basement storage room. After discarding many outdated, unsafe and unusable items there is still a good amount of useful equipment in good condition, particularly catcher’s equipment and team equipment bags. Identifying this equipment will help guide spending decisions for the rest of the year. The donated SV Softball equipment was also inspected and inventoried. All equipment deemed in good condition and usable was added to the town’s supply.

Booster Club Report - absent.

Open to Members – nothing further.

Open to Town Board Liaison – absent.

Open to Public – none.

Adjournment

Next Meeting November 19th @ 6:00
