OFFICIALS AND COMMITTEE REPORTS:

Planning Board – The Planning Board has not met recently.

Zoning Board of Appeals – The ZBA approved the variance for Atlas Renewables, which will go to the Planning Board for review. There were seven conditions.

Youth Commission – There was no meeting in April. Baseball and softball are underway. They are seeking a new sponsor for the Godbout Tournament. One of the suggestions that came up at the last meeting was that the Fire Department could have an interest as it is a fundraising event. Youth Activities Director Streno will be following up with the Fire Department. There may be a meeting on Thursday, May 19, 2022, but that has not yet been confirmed.

Code Enforcement/Buildings and Grounds – Ready for the Clean Up Days on Friday and Saturday. The Park's fields and grounds are ready to use.

Hamton Road, Moore Avenue is slated to be paved; water tank – part of it had to be under dug, they are waiting on tests before they start working on the footers; the notice to proceed has been signed for the sewer lining on South Mountain; the Highway Garage roof is complete, but there was an escalation in the price because of materials, there is no longer a need for the walk paths on the roof, so there will be a decrease of approximately \$4,000 for the new roof.

VOICE OF THE PUBLIC:

Deputy Supervisor Donahue opened the floor to the public for comment at 8:22 p.m.

Jon Rasmussen – Mr. Rasmussen would like to learn more about Chapter 102 - Building Construction. He would like to ensure that it maintains the character of the neighborhood as they already have a metal building that has been added to their neighborhood. He has heard from Code Enforcement Office Pappas that the setbacks are maintained so that the Town is allowing the building of a garage and then go on to the building of the house. Does the Town have to know where the house is, and then put the garage up in accordance with the Code; there is no attachment to an R1 in the area? Mr. Pappas replied, yes, and that houses in rural districts, water districts, usually build a house that has a garage attached; they have to meet the setbacks with the new house before they can build it; we have a lot of R1s that have 50, 60 acres, it depends on the property; it has not been utilized a lot. Chapter 102 – Building Construction is being added to the Code, as years ago it was never turned into the State. There should not be any changes to Chapter 102.

Diana Rasmussen – She is concerned about the Justin Fisher property; if he is going to build a metal garage to match his brother's garage. Mr. Pappas responded that that he can build whatever he wants to build if it meets the Code; he could build a straw garage if he wanted to; he cannot determine who builds what anywhere; Mr. Fisher would have to have a set of plans, a site plan, where he is going to build it; it has to go behind the house or in line with the house.

There being no further presentations, Deputy Supervisor Donahue declared the floor closed at 8:27 p.m.

EXECUTIVE SESSION:

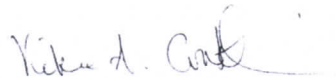

A motion was made by Councilperson Nye to go into Executive Session at 8:27 p.m. to discuss a personnel/legal matter, and the motion was duly seconded by Councilperson Leighton. All those present voted in favor of the motion. Motion carried. A motion was made by Councilperson Leighton to reconvene at 9:11 p.m., and the motion was duly seconded by Councilperson Bensley. All those present voted in favor of the motion. Motion carried.

ADJOURNMENT:

A motion was made by Councilperson Nye to adjourn the meeting at 9:12 p.m., and the motion was duly seconded by Councilperson Donahue. All those present voted in favor of the motion. Motion carried.

The next meeting of the Town of Binghamton Town Board will be a Work Session to be held on Tuesday, June 7, 2022, 5:30 p.m., at the Town of Binghamton Town Hall, 279 Park Avenue, Binghamton, NY.
